Techne Ministries

"Behold, I am doing a new thing;
now it springs forth, do you not perceive it?"
Isaiah 43:19

A NEW MINISTRY OPPORTUNITY

By the grace of God, there are a multiplicity of ministries serving the college and university campuses of America. But what about the hundreds of tech and trade schools? Who is reaching out to the students there? Too often these students go overlooked by us ... but not by God! We believe that God is reaching out to these modern day fishermen in a new and creative way through TECHNE MINISTRIES.

In March of 2014, God brought together a businessman from Louisiana and a missionary returning from Asia to the same place at the same time. He then gave them independently the same vision for what neither of them could have done as effectively on their own – minister the Gospel of Jesus Christ to the students at WyoTech. What a creative and sovereign God we serve! He is continuing to build men and ministries “to the praise of the glory of His grace, which He freely bestowed on us in the Beloved” (Ephesians 1:6).

GOD’S HAND OF BLESSING

From TECHNE MINISTRIES’ beginning, God’s hand of blessing has been evident upon it. Not only has He provided a wonderful church to serve within–Laramie Valley Chapel–but also committed and self-sacrificing teammates. Additionally, He has provided an open door at WyoTech and favor with its administration, a garage for the students to meet and work in free of charge, as well as a growing vision for the ministry’s future.

EXPANDING HORIZONS

We are excited about what God has in store for TECHNE MINISTRIES, both here in Laramie and beyond. Therefore, we are asking Him to raise up churches and individuals who will partner with us to reach other tech and trade schools, including ones in Houston, TX, Daytona, FL, & Blairsville, PA.

SOME OF TECHNE MINISTRIES’ CORE VALUES

TECHNE MINISTRIES is committed to:

- serving in and through local churches, not simply alongside of them.
- teaching the inerrant Word of God by helping students to discover and apply its meaning.
- making “Disciple Makers” who will seek to glorify God in their workplaces and disciple yet others.
- praying and relying upon God’s Spirit.
- demonstrating God’s love in tangible ways to the students.

WHAT STUDENTS ARE SAYING ABOUT ‘TECHNE’

“I’ve been going to the Bible studies here at Techne Garage, and it’s been really awesome just to see people come to Christ. I grew up in church my whole life, but I’ve never really seen God move like He’s moving right here in this place. ... There are a lot of guys out there that need guidance. They need questions answered, and this is one of the best places for them. ... I’ve seen several guys come to know the Lord and their lives are changed. They’ll go back home and they’ll tell their friends about Jesus.”
- Chance Stevens

“I didn’t know who Jesus was personally. I didn’t have a connection ... I came here to Techne Garage where they led me [to] Christ ... [The leaders] are always there to answer any kind of question you have ... They’re mentors. They want to help you. They want to be there for you, and they want to lead you to Jesus.” - Cody Trent

“It’s been a life changer. I love it! Every week I look forward to Thursday night and Sunday morning. I’ve given my life to Jesus ... [and] I love learning the word of God ... It’s definitely changed who I am. Now I see the light that Christ has provided, and it’s a wonderful thing. I can say that most definitely!” - Eddie Taylor

“[At the Bible studies] I got drawn into the text ... they always had an interesting subject about something ... and you really got into it, and they make it to where you can understand it.” - Brent Adams

“This place has taught me [so that now] I am more confident in being able to share with others and being able to get into small groups and being able to open up and talk with one another and know how to deal with other people’s problems.” - Thad Smith

“It’s been a life-changing experience ... It’s grown me from being shy and not wanting to talk ... [to] me leading here at the ministry. I plan on going back home and trying to bring a group together.” - Austin Pitcock

“I just want to tell people that ... if they are coming to school out here in Laramie that they should come to Techne because it is really awesome! I would wish God would work in their [lives] as much as He has in mine.” - Brent Adams

WOULD YOU BE A PART ???

We are asking God to raise up a team of churches and individuals who catch the vision for what He is doing through TECHNE MINISTRIES now and may want to increasingly do in the future. Maybe that includes you!

“For we are His workmanship, created in Christ Jesus for good works, which God prepared beforehand, that we should walk in them.”
(Ephesians 2:10)
